

# Fireside PATHWAY TO SUCCESS: Chat

RABB - VENABLE EXCELLENCE  
IN OPHTHALMOLOGY PROGRAM

2021 RABB-VENABLE VIRTUAL PROGRAM

NATIONAL MEDICAL ASSOCIATION | OPHTHALMOLOGY SECTION

*Pathway to Success  
Co-Chairs*

O'Rese Knight, MD  
Dolly Padovani-Claudio, MD, PhD

*Rabb - Venable  
Course Directors*

Mildred MG Olivier, MD  
Eydie Miller-Ellis, MD

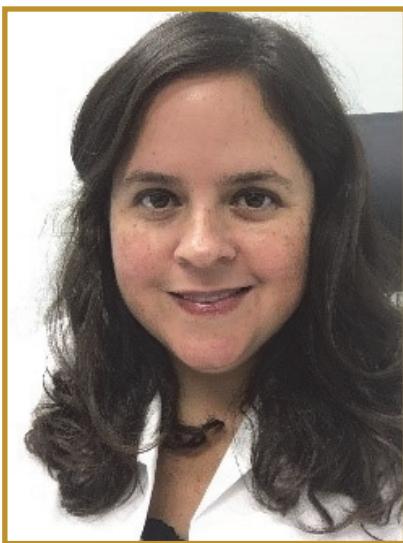

## Pathway to Success Co-Chairs

O'RESE J KNIGHT, MD

Rabb - Venable Class of 2008, 2010, 2011 & 2012

**O'Rese Knight, MD**, Assistant Professor of Ophthalmology and glaucoma specialist at the University of North Carolina Kittner Eye Center. He has research interests in 24 hour intraocular pressure measurement and clinical device design. His work has received funding for the National Eye Institute, the American Glaucoma Society, and the University of North Carolina. He is a prior Rabb - Venable Research Competition participant and owes much of his professional success to mentors he developed relationships with through the NMA Ophthalmology Section. Beyond ophthalmology he serves on national committees concerned with increasing physician workforce diversity and physician licensure.

DOLLY PADOVANI-CLAUDIO, MD, PHD

Rabb - Venable Class of 2013 & 2014

**Dolly Padovani-Claudio, MD, PhD**, is an Assistant Professor of Ophthalmology and Visual Sciences at Vanderbilt University Medical Center. She is a board-certified ophthalmologist and member of the American Academy of Ophthalmology and the American Association for Pediatric Ophthalmology and Strabismus. She practices at the Tennessee Lions Eye Center at the Vanderbilt Eye Institute. Her laboratory is focused on finding new treatments for angiogenic retinopathies such as diabetic retinopathy and retinopathy of prematurity. Due to the growing incidence of obesity and diabetes in the pediatric population, and advances in neonatal care, an increase in the prevalence of complications associated with these conditions is expected.

Her research centers on understanding processes at the intersection of inflammation and vascular growth in the retina, and on repurposing existing drugs developed to target these processes in non-ocular systems to prevent, abort or revert them in angiogenic retinopathies. She hopes that repurposing such drugs will bypass the costly, lengthy, and risky drug development process and accelerate the translation of her research to effective therapies for patients with blinding conditions.

The Fireside Chats provide an opportunity for Under-represented in Medicine (UiM) applicants to highlight their unique strengths, diverse backgrounds and life experiences. The ophthalmology residency programs through the AUPO have the opportunity to answer questions and highlight aspects of their training that would be of value to these potential candidates. This program is conducted using a virtual platform.

## Dennis Akrobetu

DUKE UNIVERSITY SCHOOL OF MEDICINE  
Durham, North Carolina

- ◆ Leadership: Elected MS4 class President
  - ◆ Research: Co-author multiple research manuscripts and presented his work at several national conferences—including ARVO where he received an award for his abstract submission.
  - ◆ Passion: Healthcare policy reform
  - ◆ Scientific Media Involvement: Interviewed by the *American Journal of Transplantation* for his efforts to highlight kidney transplantation disparities in minority groups because of the widespread use of race-based metrics in eGFR calculation.
- 

## Joana Andoh

YALE SCHOOL OF MEDICINE  
New Haven, Connecticut

- ◆ Current Position: Health policy research fellow at Yale Law School
  - ◆ Leadership: Co-President of Yale's SNMA/LMSA
  - ◆ Research Interest: Social determinants of diabetic retinopathy to visual impairment in formerly incarcerated populations, with presentations at ARVO 2021 and a publication in *Ophthalmology*
  - ◆ Facilitates an art tour on implicit bias for medical students and has presented this work at several national meetings.
  - ◆ Awards: NIH and Knights Templar Eye Foundation
  - ◆ Hobbies: hiking, yoga, and ballet
- 

## Santiago Angaramo

VANDERBILT UNIVERSITY SCHOOL OF MEDICINE  
Nashville, Tennessee

- ◆ Leadership: Co-founder of Project VINE, Vanderbilt's first nutrition education focused club; Treasurer of Latino Medical Student Association
- ◆ Mentorship/Teaching: taught physical diagnosis skills as an instructor at simulation ophthalmology events, a point of care ultrasound instructor, and a clinical student at the student-run Shade Tree Clinic. Mentor for minority pre-med undergraduate students.
- ◆ Research: Investigating the temporal impact of hypertension on diabetic macular edema development; investigating the impact of masks on bacterial dispersion towards the ocular surface in the peri-procedure setting.

## *Joshua Chazaro*

LOYOLA UNIVERSITY SCHOOL OF MEDICINE

*Maywood, Illinois*

- ◆ Ethnicity Mexican, immigrated to the U.S. in search of upward mobility
- ◆ Passion: Increasing access to ophthalmic care to marginalized populations stems from his experiences navigating the health care system.
- ◆ Leadership: Volunteer for Access to Care Clinic in Chicago providing care to Spanish-speaking patients and was part of the tele-surveillance response team during the height of the pandemic.
- ◆ Research: NYEEI Research Fellow – Current projects in AMD, DR, Artificial Intelligence, Telemedicine
- ◆ Achievements: National Medical Fellowship in Ophthalmology recipient, NIH T35 Research Training Grant recipient, and obtaining US Citizenship after a 20-year legal process

## *Joshua Cole*

UNIVERSITY OF CALIFORNIA SAN FRANCISCO

SCHOOL OF MEDICINE

*San Francisco, California*

- ◆ Honors: Keynote speaker at the Posse Foundation 2019 Fundraiser raising \$380,000 to support young minority leaders.
- ◆ Achievements: Coordinated the UCSF Shelter Ophthalmology Clinic, which provides primary eye care to the unstably housed community.
- ◆ Research: AUPO 2021, ARVO 2020, and the UCSF 2019 Inquiry Symposium
- ◆ Community Work: Facilitated art therapy sessions for the San Francisco Shelter Clinic, co-piloted UCSF's first Art & Anatomy workshop, and designed a workshop on end-of-life experiences for a national non-profit organization.

## *Amani Davis*

UNIVERSITY OF PITTSBURGH SCHOOL OF MEDICINE

*Pittsburgh, Pennsylvania*

- ◆ Leadership: Community service coordinator for University of Pittsburgh SNMA chapter
- ◆ Honors/Awards: Association for Research in Vision and Ophthalmology (ARVO):Vision Research Minority Fellowship Award (2020); National Medical Association: Rabb-Venable Excellence in Ophthalmology (2019)
- ◆ Research Interests: Craniosynostosis, Visual Evoked Potentials, Pediatric Cataract, Pediatric Social Needs Screening, COVID-19
- ◆ Career Interests: International Service, Underserved
- ◆ Global Health: Addis Clinic (Kenya), GWest Corporation (Jamaica)
- ◆ Hobbies: Painting and Printmaking

## *Fitz Gerald Diala*

UCLA DAVID GEFFEN SCHOOL OF MEDICINE  
Los Angeles, California

- ◆ Leadership: Committed to mentorship and support of students from underrepresented and disadvantaged backgrounds.
  - ◆ Honors: Gold Humanism Honor Society, Phi Beta Kappa and Rosemary S.J. Schraer Outstanding Senior
  - ◆ Hobbies: Photography and poetry
  - ◆ Publications: Poems being published in The UCLA Beat yearly magazine
- 

## *John Douglas*

MERCER UNIVERSITY SCHOOL OF MEDICINE  
Macon, Georgia

- ◆ Leadership: Executive board member of Diversity in Medicine at Mercer SOM geared toward increasing minority enrollment into medical school.
  - ◆ Research: Gap-year to gain both clinical and research experience in ophthalmology. Formulated informational glaucoma videos and handouts for patients.
  - ◆ Global Health: Medical service trip to Haiti
  - ◆ Veteran/Hobbies: Army officer and former Division 1 football player
- 

## *Zachary Eller*

HOWARD UNIVERSITY COLLEGE OF MEDICINE  
Washington, District of Columbia

- ◆ Research: Radiology and Artificial Intelligence. Presented at Association of University Professors of Ophthalmology (AUPO), National Medical Association (NMA), Investigating relationship between Diabetic Retinopathy and Bariatric Surgery in a predominately black and Hispanic population.
- ◆ Awards: Master's thesis in Biomedical Engineering from Binghamton University, Participation in the 2020 Rabb-Venable Research Award.
- ◆ Leadership: Student Interest Groups at Howard University College of Medicine (HUCM), representative for Student Council, Sight screenings with HUCM Sightsavers, consistently served as a peer mentor and volunteered through the SNMA.
- ◆ Hobbies: Former Division NCAA Division I, 4-year letterman swimmer for Loyola University Maryland (MAAC and Patriot Leagues).

## *Evie Hosannah*

WASHINGTON UNIVERSITY SCHOOL OF MEDICINE  
St. Louis, Missouri

- ◆ Leadership: Co-president for the WashU chapter of the AMSA with focus on mental health, ethics, and importance of voting
- ◆ Interest: Teaching and mentoring, exposing high school students from underserved communities to medicine through lecture and dissection labs, working with the admissions and diversity office to recruit underrepresented students.
- ◆ Research: Gender bias in evaluations of residents in surgery, initiatives to combat gender and racial bias in medicine
- ◆ Career Goal: Global health outreach programs in Western Africa
- ◆ Research: Nerve regeneration
- ◆ Hobbies: Baking, reading, and exploring the Korean culture through music, food, and media

## *Cheryl N Fonteh, MS*

UNIVERSITY OF ILLINOIS COLLEGE OF MEDICINE  
Chicago, Illinois

- ◆ Masters in Biomedical Engineering
- ◆ Currently Post Bac Fellow, University of Colorado School of Medicine
- ◆ Author of a published book
- ◆ Adaptable to environment (I have lived in 2 different continents, 3 different US regions and visited over 10 countries across the world).

## *Mariama Jallow-Olanrewaju*

GEORGETOWN UNIVERSITY SCHOOL OF MEDICINE  
Washington, District of Columbia

- ◆ Honors: Gold Humanism Honor Society 2021
- ◆ Passion: Promoting patient centered care stems from her experience enduring adult-onset SLE. Research: Addressing health disparities, quality of life, and quality improvement in patient care
- ◆ Service: 2015-2017 Teach for America HS Science Teacher in Metro Atlanta, First coach of Next Generation Women
- ◆ Leadership: Health Justice Scholar, SNMA Chapter President, institutional leadership in initiating and serving on the Georgetown University Medical Center Racial Justice Committee for Change, Peer to Peer tutor, and DC Teen Promise Project

## *Chelsea Livingston*

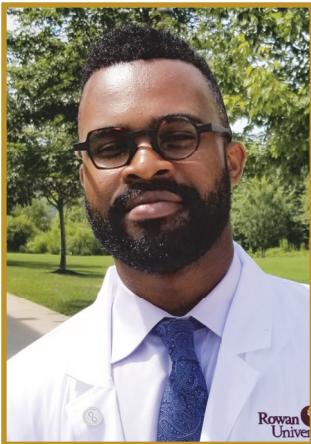

BAYLOR COLLEGE OF MEDICINE  
Houston, Texas

- ♦ Research: Impact of COVID-19 on ophthalmic undergraduate medical education, an award-winning abstract outlining a protocol for eye care in the case of natural disasters.
- ♦ Leadership/Mentorship: Current social chair and mentorship coordinator of the Ophthalmology Interest Group. Previous mentorship chair of BCM's American Medical Women's Association. Mentor for underrepresented minority students through BCM's Saturday Morning Science Program.
- ♦ Community Service: Care of the Underserved Pathway, created an educational tool to teach medical students how to provide comprehensive care to homeless patients. Utilized Spanish fluency to assist medical interpreters in the hospital and local public health clinics

## *Peter Maduka*

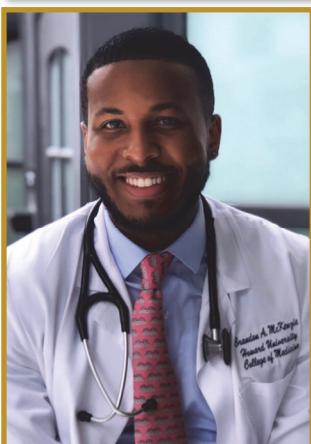

ROWAN UNIVERSITY SCHOOL OF OSTEOPATHIC MEDICINE  
Stratford, New Jersey

- ♦ Research: Bay Area Ophthalmology Online Course by the Byers Eye Institute at Stanford
- ♦ Global Health: Founding director of a nonprofit focused organization, expanding to Northern Cyprus ([www.maducare.org](http://www.maducare.org)). Medical Missions to Dominican Republic
- ♦ Community: Outreach leader with the Rowan SOM community clinic
- ♦ Leadership: Christian Medical and Dental Associations (CMDA), founding president of Rowan SOM Ophthalmology club. Lead mentor with the Rowan SOM Leadership in Extracurricular, Academics, and Daily Living (LEAD) program and he also served as the academic success committee head for the Rowan SOM Student National Medical Association (SNMA).
- ♦ Former Ophthalmic Technician

## *Brandon McKenzie*

HOWARD UNIVERSITY COLLEGE OF MEDICINE  
Washington, District of Columbia

- ♦ Leadership: SNMA Ophthalmology Interest Group Liaison where he combines his strong leadership skills and passion for mentoring to focus on increasing UIM medical student representation in ophthalmology
- ♦ Research: Burnout in medical personnel
- ♦ Awards: JHUAN Scholarship recipient, an award bestowed on Howard University students recognized for their academic success
- ♦ Leadership: Vice President of the Teen Promise Project, he led weekly Sex Ed classes with his peers, educating local minority middle schoolers.

## Kiah McSwain

FLORIDA STATE UNIVERSITY COLLEGE OF MEDICINE

Tallahassee, Florida

- ◆ Leadership: Several executive board leadership positions volunteering and mentoring opportunities
  - ◆ Founded: Coordinated an extensive campaign to raise money for kids in need during the COVID-19 pandemic.
  - ◆ Research: Most current project focused on iStent outcomes
  - ◆ Passion/Publication: Humanities in medicine and has published a few of her paintings in various magazines and online journals.
  - ◆ Hobbies: Beach volleyball games and reading fiction
- 

## Glory Mgboji

JOHNS HOPKINS SCHOOL OF MEDICINE

Baltimore, Maryland

- ◆ Research: Multiple projects through the Wilmer Eye Institute and Dana Center for Preventive Ophthalmology, with a focus on disparities in disease incidence and management.
  - ◆ Leadership: 2019 Vice President of SNMA, dedicated to supporting and increasing the number of competent, culturally aware physicians.
  - ◆ Hobbies: Creator of TrueVoice, a vocal group that has garnered 70k+ subscribers and seven million views, with multiple performances at large venues such as the 2014 Nigerian Entertainment Awards.
  - ◆ Community: Intern at MTV Staying Alive Foundation in Camden, London for HIV Awareness and Prevention Initiative
- 

## Alaa Mohamedali

YALE SCHOOL OF MEDICINE

New Haven, Connecticut

- ◆ Service: Dedicated to youth education, served in multiple programs affiliated with local underserved schools with the aim of fostering interest in science and health careers.
- ◆ Pro-bono consultant to medical school applicants
- ◆ Leadership: Secretary of the Student National Medical Association, Mentor for the Summer to Advance Research Training at YSM (START), executive board member of annual Hunger and Homelessness auction
- ◆ Research: Diverse research experience resulting in multiple publications across the fields of vascular surgery, neurology, and criminal justice.

## *Ali Mukhtar*

COLUMBIA UNIVERSITY  
COLLEGE OF PHYSICIANS AND SURGEONS  
*New York, New York*

- ◆ Honors: Blue full merit scholarship and the Honor program service award.  
Received the JF. Bolmfalk full tuition scholarship
  - ◆ Hobbies: soccer, reading, and photography
  - ◆ Community: Service and Mentorship
  - ◆ Research: Biotechnology
- 

## *Titiola Ogunsola*

NYU GROSSMAN SCHOOL OF MEDICINE  
*New York, New York*

- ◆ Research: Studying teenage pregnancy in the Dominican Republic
  - ◆ Honor: US Fulbright Scholar 2012-2013
  - ◆ Publication Second author, "Virtual Reality (VR) and Augmented Reality (AR) in Ophthalmology, A Contemporary Prospective" in The Asia-Pacific Journal of Ophthalmology.
  - ◆ Spearheading another project on the impact of the social and physical environment on eye care follow up after initial screening.
  - ◆ Community: Health screenings in marginalized communities in Boston, MA Teaches math to children experiencing homelessness in Santiago (Dominican Republic) prior to medical school.
- 

## *Ahmed Ouda*

COLUMBIA UNIVERSITY  
COLLEGE OF PHYSICIANS AND SURGEONS  
*New York, New York*

- ◆ Graduated with distinction from the University of Michigan.
- ◆ Awards: Balso and Sharp scholarships to attend VP&S and Mailman SPH, respectively and graduated with distinction from University of Michigan.
- ◆ Research: Glaucoma and Sickle Cell disease in Ghana, Uganda – HIV vaccines
- ◆ Global Health: Ghana and Uganda
- ◆ Organizations: Member of the Equity & Justice Fellowship working on curricular changes focused on equity.

## Kafayat Oyemade

MAYO CLINIC ALIX SCHOOL OF MEDICINE

Rochester, Minnesota

- ◆ Honors: Mayo Clinic Alix School of Medicine Dean's Full-tuition Scholarship (2017-2022)
  - ◆ Leadership: School of Medicine Admissions Committee Student Member (2019-2022), Student National Medical Association (SNMA) Chapter Co-President (2018-2019) and SNMA Chapter Member (2018 - 2022)
  - ◆ Services: Medical Humanities, Medicine on Screen Selective Co-coordinator (2018)
  - ◆ Interest: Bioethics in Medicine Interest Group Co-Lead (2018)
- 

## Kalah Jiang Ozimba

UNIVERSITY OF ALABAMA SCHOOL OF MEDICINE

Birmingham, Alabama

- ◆ Passion: Global health, and health disparities, public speaking
  - ◆ Community/Global Health: Over 70 hours tutoring children, spent a summer abroad working in a rural medicine clinic in the Dominican Republic. Involved in Hope Circle, a summer program that focuses on enhancing the mental and physical health of children who have obesity and their families.
  - ◆ Leadership: Student government, Diversity Ambassador and Heath Equity Scholar at UABSOM
  - ◆ Research: Nanomedical projects
- 

## David Peprah

YALE SCHOOL OF MEDICINE

New Haven, Connecticut

- ◆ Research: National Institutes of Health Medical Research Scholar Program (MRSP) 2020-21 which focused on epidemiological studies in diabetic retinopathy and ARMD and Rabb-Venable Program Participant.
- ◆ Leadership/Community: Course leader for the Yale US health Justice elective which is a student-led course in collaboration with community leaders for health professional students seeking to practice justly.
- ◆ Hobbies: basketball, cooking and knitting

## *Shantara Propst, MS*

EDWARD VIA COLLEGE OF OSTEOPATHIC MEDICINE  
Blacksburg, Virginia

- ◆ Leadership: Student National Medical Association- Chapter President and National Vice Chair of Publications, Pride In Healthcare-Executive Council, Pride Link- Medical Lead
- ◆ Passion: Championing projects focused on diversity, equity, and inclusion within medicine as well as a strong concentration on serving underserved populations in an effort to bridge health disparities.
- ◆ Leadership: Created novel “Minorities in Medicine Week” which included mentoring activities, leadership seminars, and a cocktail-style networking event that brought together medical students, pre-medical students, and physicians from North Carolina, South Carolina, Georgia, Alabama, Oklahoma, and Virginia.
- ◆ Awards/Organizations: Gold Humanism Honor Society- 2021, National Osteopathic Honors Fraternity- 2019, Sigma Sigma Phi

## *Asante Quintana*

MEHARRY MEDICAL COLLEGE  
Nashville, Tennessee

- ◆ Research: AAO 2020 Poster Presentation, University of Michigan Diversity in Medicine 2021 Poster Presentation
- ◆ Awards: Bloomberg Scholarship for Academic Excellence, The Carl J. Herzog Foundation Presidential Scholarship, Dean's List
- ◆ Leadership: Ophthalmology Interest Group Co-President and Founder
- ◆ Service: Enjoys spending free time working with Nashville inner-city community including mentorship of the youth and feeding the homeless

## *Stephanie Saadeh-Jackson*

VIRGINIA COMMONWEALTH UNIVERSITY SCHOOL OF MEDICINE  
Richmond, Virginia

- ◆ Leadership: Peer Advocate & Member of Class Medical Student Government (MSG) Executive Board, Co-President of Ophthalmology Student Interest Group, Wellness Committee, Co-Founder of Diversity, Equity, and Inclusion Chair and Committee Initiative for School-Wide MSG, Member of SOM Admissions Selection Committee by Nomination, Tutor and Mentor for Virginia State University Honors Students
- ◆ Research: Co-author of publication *Surgical adhesives in ophthalmology: history and current trends*, Virginia Retina Club, AAMC Learn Serve Lead, Virginia Retina Club, AAMC GSA-CiM-OSR
- ◆ Conferences: AAO Clinical Genetics Meeting, Rabb-Venable Excellence in Ophthalmology Research, and Women in Ophthalmology Summer Symposium

## *George Sanchez*

DARTMOUTH UNIVERSITY GEISEL SCHOOL OF MEDICINE

*Hanover, New Hampshire*

- ◆ Publications: co-authored over 30 peer-reviewed publications related to orthopedics. Four abstracts presented at ARVO 2021
- ◆ Passion: Teaching. Instructed a year-long problem-based learning course for second-year students encompassing over 30 two-hour long sessions and taught history-taking and physical exam skills to first-year students in simulated clinics as a patient actor.
- ◆ Mentor: First-generation student, co-leads a mentoring program for minority pre-med undergraduate students
- ◆ Community: vaccine administration at community COVID-19 clinics

## *Mohammed Simpara*

UNIVERSITY OF PITTSBURGH SCHOOL OF MEDICINE

*Pittsburgh, Pennsylvania*

- ◆ Awards: ORISE Fellowship Award for Researcher Participant at US FDA
- ◆ Research: NIH Summer Internship Program as Fellow Researcher, currently involved in ophthalmology research projects under review
- ◆ Community: Active member of medical student-run glaucoma screening and eye health clinic
- ◆ Language: Trilingual, first generation

## *Jose Sinon*

SUNY DOWNSTATE HEALTH SCIENCES UNIVERSITY

*Brooklyn, New York*

- ◆ Teaching: Near peer educator, and medical knowledge tutor at SUNY Downstate. Tutors MCAT to underprivileged students, has given lectures to high school students aspiring to become physicians
- ◆ Membership: Ophthalmology club at Downstate
- ◆ Volunteer: Volunteered at many vision screenings and subsequently became the community outreach officer as an MS2, and secretary as an MS3.
- ◆ Research: Worked in the National Eye Institute-funded Chaqour lab at SUNY Downstate.
- ◆ Published: Co-authored one published article and 3 book chapters including 2 in ophthalmology, a review on pigmentary glaucoma
- ◆ Leadership: Medical educator pathway: Restructuring of Microbiology Head/ Neck unit. Working on team-based learning module on the visual pathway.
- ◆ Awards: David K. McDonogh award in ophthalmology 2019

## *Amal Taylor*

WASHINGTON UNIVERSITY SCHOOL OF MEDICINE  
St. Louis, Missouri

- ◆ Honors: 2020-2021 Washington University Clark-Fox Policy Institute Graduate Scholar
- ◆ Community: Worked in rural Alabama & Mississippi, multiple US inner-city areas and a previously isolated village on the outskirts of the Amazon jungle in Suriname, South America
- ◆ Leadership: Co-founder of BRIGHT Inc., Director of BRIGHT's L.E.A.D. Together Program which seeks to empower high school students to develop and spearhead health literacy initiatives, mentorship
- ◆ Interest: Public Health, Policy and Advocacy for Eye vision Health, Spearheaded grant development and submission to W.K. Kellogg Foundation Racial Equity 2030 Initiative.
